

All-In-One tablet

VCI Link

## All-In-One Quick Start Guide

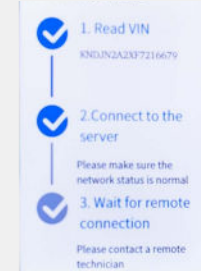

### 1. Connect tablet to Wi-Fi

On the device home screen, tap Settings  
> Network & Internet > Wi-Fi. Slide Wi-Fi  
switch to ON.

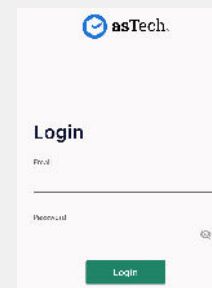

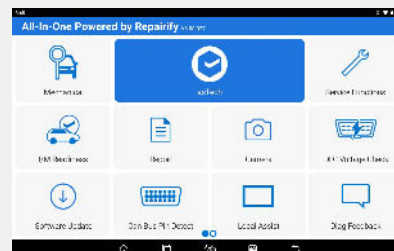

*\*Ensure your asTech app and Link have the  
most recent software update.*

### 2. Connect carside device

1. Ensure the car is in the Key-ON, Engine-OFF state.
2. Plug in the asTech LINK.
3. Select Remote Diagnostics.
4. Select WLAN.
5. Select Connect.

### 3. Login to asTech App

On your tablet, tap the center blue asTech  
button to open the app and log in using  
your credentials.

### 4. Start New Request

**+ New Request**

You are now able to go into the  
asTech app, select your vehicle, and  
click *New Request*!
